

EuroLegend Cup: see you in 2025

EuroLegend Cup wants to become a reference point for Legend Cars in Europe and the 2024 goal is to obtain approval in every country.

**EuroLegend Cup** is forced to renounce the 2024 season with great regret: GP2EMME will complete the paths started in the past season of recognition of the Legend Cars so as not to encounter the problems of 2023 in European territory.

This year **EuroLegend Cup** wants to capitalize on the great interest aroused in the event and correct the stumbles along the way: so as to attract not only Italian drivers with the ACI Sport homologation, but also drivers from those countries that do not allow the Legends to race on racetracks. An operation that takes time, this is why GP2EMME gave up an event lacking in appointments to return an attractive calendar in 2025.

**EuroLegend Cup**, now recognized appendix in Motorsport, can't wait to get back to racing!

Thanks for your support and attention:

We are waiting for you on [www.eurolegend.eu](http://www.eurolegend.eu) for all the updates
